

DB
G**9-18-2020****To Ethics Board of Louisiana**

pg 1 of 2

My name is Barbara Albert. I am an employee of Plaquemines Parish School Board. I work at Belle Chasse Middle School in Belle Chasse, La. I also am a business owner. I am an Independent Associate with LegalShield and IDShield.

LegalShield, a 48 year old company , gives Individuals, Families and Businesses access to affordable legal services. Instead of paying a lawyer expensive hourly fees, they pay a small monthly fee and get access to experienced attorneys that can help with any legal issue including 24/7 access in certain emergencies.

IDSHIELD, help Individuals and Families protect their savings, credit and reputation, monitor all online and 24/7 emergency assistance and restoration with licensed private investigators.

As a Plaquemines Parish School Board employee, is it ethical for me to invite other Plaquemines Parish employees to take a look at my company' services

offerings as well as the business opportunity by inviting to events or re-recorded information to learn about my services for the purpose of Recruiting and or selling our services?

In addition, are there any other restrictions as a business owner and state employee that I should be aware of? Feel free to contact me via email, barbaraalbert88@gmail.com or my cell 225-329-6160

pg 2 of 2

Sincere thanks,

Barbara Albert
